ANNUAL REPORT

2017

Maryville

Addiction Treatment Center

Mission Statement

Maryville, Inc. provides comprehensive, high-quality substance use disorder and co-occurring treatment services for individuals and families affected by the disease of addiction.

Overview

Maryville is a leader in the treatment of addictive disease and co-occurring disorders. Since 1949, our evidence based treatment programs have helped bring hope, health, and healing to those suffering from opioid, alcohol, and other substance use disorders.

Our staff devote themselves each day to helping people suffering from addictive disease reclaim their lives. Maryville's expert treatment teams bring the specialized expertise necessary for long-term recovery.

Message From the CEO

Dear Friends,

On behalf of the Board of Trustees, I am pleased to present our 2017 Annual Report. Maryville continues to address the need to increase access to care for those struggling with the disease of addiction.

With the February 2018 opening of Maryville at Post House, we now offer a total of 124 inpatient beds with 31 withdrawal management, 87 short-term, and six long-term residential treatment beds for addiction and co-occurring disorders in Williamstown and Pemberton. Maryville offers medication assisted treatment (MAT) at both of these sites and at Maryville's outpatient locations. In fact, Maryville is the largest provider of Vivitrol in the State of New Jersey to assist in the treatment of opioid use disorder.

Maryville will soon open a new, community-based outpatient facility in Northfield, Atlantic County, which will allow our community-based, co-occurring treatment services to be offered in Turnersville, Vineland, and Northfield.

We also made significant capital improvements at our Williamstown and Pemberton locations. At Williamstown, you will see a beautifully landscaped campus and updates to our admissions building, men's unit, and dining facilities to improve comfort and aesthetic appeal. Our Pemberton campus was updated to offer an environment conducive to recovery.

Maryville's expansion throughout South Jersey is helping reshape and restore communities damaged by addiction. Thank you for your support of Maryville and the addiction recovery movement.

Sincerely,

A handwritten signature in black ink that reads "Kendria McWilliams". The signature is fluid and cursive.

Kendria McWilliams
Chief Executive Officer
Maryville Addiction Treatment Center

management/residential clients
said they would recommend
Maryville as a treatment center.

Wanda R.

"When I first started treatment I cried a lot, I struggled with being in a group. When I was using, I was reckless and mad at the world. Today, I'm learning to just let the little things go. Maryville gave me the tools to be more open-minded and willing to actually smile and laugh and just live."

Recovery for Life

GALA AND SILENT AUCTION

Over 300 guests attended the Recovery for Life Gala and Silent Auction in September at Tavistock Country Club in Haddonfield. The event featured guest speaker and actor/producer/director Daniel Baldwin, whose struggle with cocaine addiction led him to become a spokesperson for addiction recovery. Frank Jones, Partner at Mints Insurance Agency, was honored with the Advocacy in Action Award for his passionate work in the addiction recovery field..

Honoree, Frank Jones of Mints Insurance, and Kendria McWilliams, CEO of Maryville.

Actor, producer, director and guest speaker, Daniel Baldwin.

Maryville's 5th Annual Motorcycle Ride for Recovery

More than 100 motorcyclists revved their engines and rode for a cause at Maryville's 5th Annual Motorcycle Ride for Recovery and Bike Show in May. On a route that took them from West Collingswood Heights to Williamstown, where they were treated to a BBQ lunch, participants helped raise funds to benefit the Peter P. Black IV Scholarship Fund at Maryville.

10th Annual
RACE for RECOVERY

**Community Unites Against Addiction
at Maryville's 10th Annual Race for Recovery**

Hundreds of runners, walkers and supporters joined Maryville in October at Cooper River Park for Maryville's 10th Annual Race for Recovery 5K and Fun Walk. Proceeds from the event supported the Peter P. Black IV Scholarship Fund, assisting individuals unable to pay for substance use disorder treatment at Maryville.

Kate Holt addressing those who attended the Race for Recovery.

Mario and Desi Sergi finishing the 5K race together.

Thank you to our donors, volunteers, and participants who make our mission to treat those suffering from addiction a reality.

Christopher A.

"My experience was great. They take good care of you – they seemed like they cared. It was just a good place.

"When I went there I was a mess, I was depressed. I had just gotten my third D.W.I. It was certainly make or break for me, but now everything's great for me. I always tell people to try to go there – it's worth it and I recommend it highly!"

Linda S.

"That was my third time going there, but that time I listened to all the counselors. It was a great experience, it truly saved my life! Giving me that time to get clean and get a clear head, having the staff there to guide me in my journey... is priceless to me."

"I think about the Maryville counselors and staff on a daily basis and what they've done for me. I'm a completely different person. I have a life now!"

"What worked best for me were the one-on-one and group experiences. You were never alone in your thoughts, you always had someone to turn to. When you're using, you don't know how to act like a human being. At Maryville, you learn how to interact with people again."

96% of outpatient clients and

93% of inpatient withdraw management/residential clients gained the skills needed to support their recovery.
