Message from the CEO

Dear Friends,

I am pleased to report that Maryville is addressing the need to increase access to care for those struggling with the disease of addiction. On February 23rd, we opened Maryville at Post House, a 48-bed inpatient program offering inpatient addiction and co-occurring disorders withdrawal management (detox), short- and long-term residential treatment programs for men at 610 Pemberton-Browns Mills Road in Pemberton, NJ. With the opening of Maryville at Post House, we now offer a total of 124 inpatient beds with 31 withdrawal management, 87 short-term, and six long-term residential treatment beds for addiction and co-occurring disorders in Williamstown and Pemberton, NJ. Maryville offers medication assisted treatment (MAT) at both of these sites and at Maryville's outpatient locations and is, in fact, the largest provider of Vivitrol in the state of New Jersey.

Maryville also just received its licensure to open a new community-based outpatient facility in Northfield, Atlantic County, NJ. Through this new venture, we will co-locate with a physician group offering suboxone and other medical services for community residents. The Maryville Northfield location will extend Maryville's continuum of community care offering intensive outpatient, outpatient, and co-occurring treatment programs for abstinence-based and MAT populations. With this addition, Maryville community-based co-occurring treatment services will be offered in Turnersville, Vineland and Northfield. Please look for an announcement in the near future on the opening date of our Northfield office.

We have invested in our facilities at both the Williamstown and Pemberton locations. At Williamstown, you will see a beautifully landscaped campus and updates to our admissions building, men's facilities, and dining room to improve their comfort and aesthetic appeal. Our Pemberton campus has been updated as well to offer an environment conducive to recovery.

I invite you to participate in our Ride for Recovery on May 6 and see the Williamstown campus for yourself. Our Ride starts at Barb's Harley Davidson in West Collingswood Heights and ends at our Williamstown campus with a BBQ. If you do not ride, we invite you to attend the BBQ only. In addition to the Ride for Recovery, we will have our Race for Recovery on June 24th at Cooper River Park in Camden for both runners and walkers. Registration is now open for both of these events at www.MaryvilleNJ.org.

Thank you to all of you for supporting recovery from addictive disease. Please consider helping Maryville help our communities with a charitable donation or by sponsoring or attending our events. Through your generosity, Maryville will be able to continue to increase access, offer new, high quality clinical programs and assist individuals on their road to recovery.

Sincerely yours,

Kendria McWilliams
Chief Executive Officer
Maryville Addiction Treatment Center

Treatment Center Profile

Maryville is recognized as a leader in the treatment of addictive disease and co-occurring disorders. For 69 years, our holistic, evidence based treatment approaches have helped bring hope, health and healing to those suffering from opioid, alcohol and other addictions.

Maryville is a private, non-profit organization governed by a volunteer Board of Directors. We are licensed by the State of New Jersey, accredited by CARF, and a member of the National Association of Addiction Treatment Providers.

Maryville Celebrates Opening of Post House

On February 23rd, Maryville increased access to care by opening Maryville at Post House, a 48-bed inpatient program offering inpatient addiction and co-occurring disorders withdrawal management (detox), short, and long-term residential treatment programs for men at 610 Pemberton-Browns Mills Road in Pemberton, NJ.

Maryville now offers a total of 124 inpatient beds with 31 withdrawal management, 87 short-term, and six long-term residential treatment beds for addiction and co-occurring disorders in Williamstown and Pemberton, NJ.

Maryville's physicians, nurses and clinicians are experts in assessing the needs of the individual and delivering the highest standard of care for opioid, alcohol and other substance use and co-occurring disorders.

Referrals are now being accepted by our Admissions office at (855) 823-3428.

Did You Know?

Maryville accepts the following insurances:

- Aetna
- AmeriHealth
- Department of Veterans Affairs
- Horizon Blue Cross Blue Shield
- Magellan
- Molina Medicaid Solutions (New Jersey Medicaid)
- NJ Carpenter's Fund
- Qualcare, Inc.
- United Behavioral Health

For more information call our Admissions office at (855) 823-3428 x326.

This year Maryville Addiction Treatment Center celebrates its 69th year of treatment services for individuals and families suffering from the disease of addiction.

Two of our most exciting annual events are fast approaching and we hope you can join us. Your support directly raises awareness, reduces stigma and supports recovery from addictive disease.

May 6th is our **6th Annual Ride for Recovery and Bike Show**, starting at Barb's Harley-Davidson in West Collingswood Heights and ending at our Williamstown campus. You can join us as a rider, passenger or just for the BBQ.

One month later, on June 24th, we'll be back at it with our **11th Annual Race for Recovery 5K Run and Fun Walk** at Cooper River Park in Pennsauken where hundreds of runners, walkers and supporters participate for the cause.

Proceeds from both events benefit the Peter P. Black IV Scholarship Fund at Maryville, assisting individuals who are unable to pay for substance use disorder treatment.

Please register online at www.MaryvilleNJ.org to join us. Sponsors can take advantage of the valuable promotional opportunities including digital advertising, event promotion, vendor booths and complimentary ride/race entries.

With your help we can make a difference in the lives of those in recovery!

For more information about the Ride for Recovery or Race for Recovery 5K and Fun Walk, including registration, visit www.MaryvilleNJ.org.

New Jersey Opioid News Round-Up

Right now, New Jersey is under siege. The opioid crisis is unprecedented in its scope and is devastating families and communities throughout the state.

- **In New Jersey, overdose is now the leading cause of accidental death. Almost 6,000 people have died from drug overdoses since 2004.**
- **In the last decade, admissions to drug treatment programs have risen by 700%.**
- **The rate of heroin overdose in New Jersey is three times the national average.**

Fortunately, New Jersey made great strides in 2017. To combat these alarming statistics, New Jersey enacted legislation to restrict initial prescriptions of opioids to five pills, requiring doctors to talk to patients about the dangers of opioids and calling for stronger addiction service mandates for state-regulated health insurance plans.

Also included in the legislation is a federal, grant-funded, 24-hour response team that police or paramedics can call to help people in addiction. The teams include health providers, substance abuse recovery and mental health advocates, police and medics to provide those suffering from addiction with information and referrals to treatment programs.

These actions represent some of the strongest in the nation and Maryville is proud to be part of the solution to New Jersey's addiction crisis. Our response must be equally broad in scope and intensity. Only together can we assist individuals with a substance use disorder and help restore families and communities.
